

# TIFFANIE LEUNG

ARCHITECTURAL DESIGNER

tleung.design@gmail.com

US: (973) 856-1760  
HK: (852) 5207 9897

Parsippany, New Jersey

## INTERESTS

I am interested in sustainable design and research, specifically in regards to resiliency and material systems. I believe that architecture should be an integrated balance between systems, the community, the environment, and design.

I am also interested in various architectural representation styles and their role in furthering the expression of architecture beyond words and line drawings.
